

# INTEGRATING AND SUPPORTING THE OPERATIONAL PLAN

# ALIGNING TO YOUR PROCESS

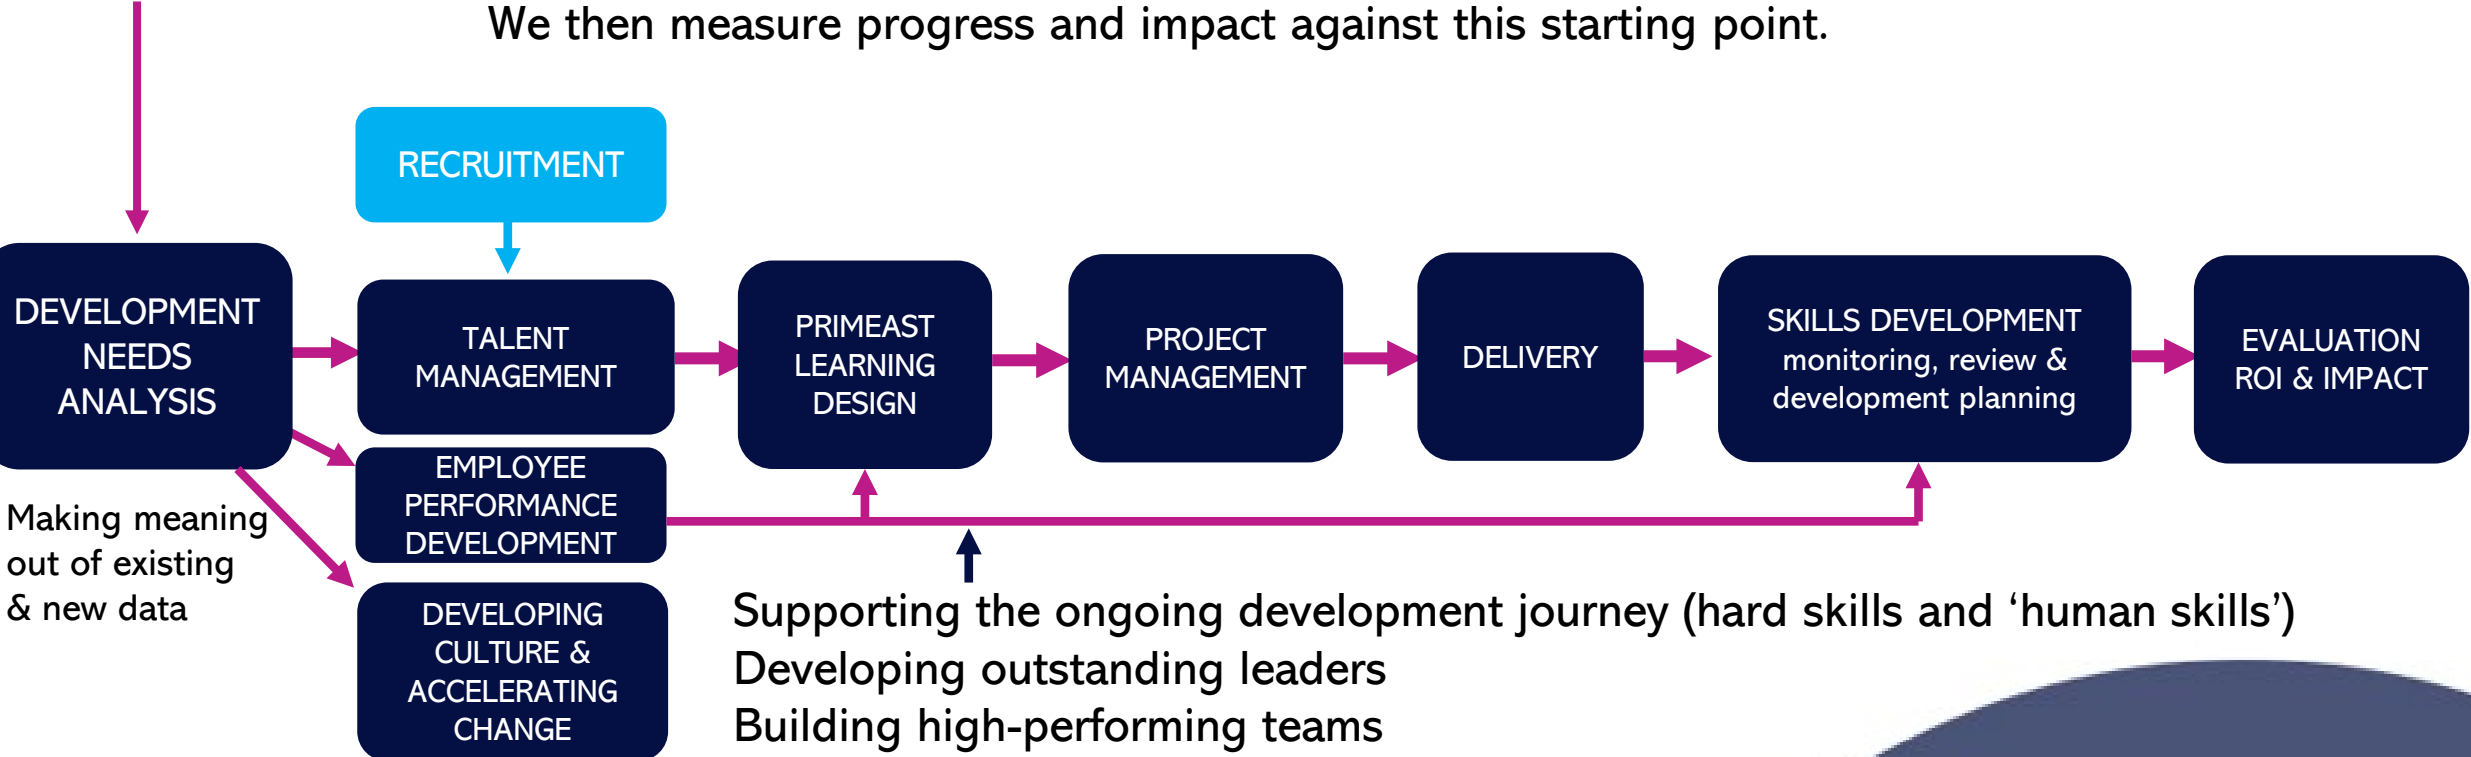

Working in partnership we align to support your Learning & Talent Development goals

# SUPPORTING THE OPERATIONAL PLAN

## STRATEGIC PLAN Purpose & Vision

Our design and delivery begins with the analysis of where you are now and where you need to be to be 'future fit', taking strategic vision and organisational context into account. We then measure progress and impact against this starting point.

Making meaning out of existing & new data

Supporting the ongoing development journey (hard skills and 'human skills')  
Developing outstanding leaders  
Building high-performing teams

Primeast design data capture to support EDP/performance monitoring & measuring impact
